ZIPPY #3 is out with a collection of strips, and there is a new Claude Funston story in YOUNG LUST 6. Phoebe Gloeckner shows you what it's like these days along Polk Street in the heart of San Francisco's gay scene.

I'm the kinda guy that really knows how to kick loose. . . . . Of course, a person can't expect to be totally enjoyin' theirselves every single minute.

Unless I'm wrong, Phoebe is the first woman artist to appear in YL. "Freaks' Amour" is a three page fragment with illos by Gary Panter. Greg Irons takes Gregor into the heart of North Beach in "Monkey Lust." Irons has seen a lot of the area lately working in a tattoo parlor on Broadway. Some sex art by Diane Noomin, a page by Mary Wilshire, and a story by Melinda Gebbie, "My Three Swans." Others in YL6 include: M.K. Brown, Kim Deitch, Jay Kinney, Paul Mavrides, Mike McMillan, and Robert Schwartz. It's mag sized and $2.25.

ZIPPY 3 is $2.25, too. This one collects the Zippy for President pages from HIGH TIMES and a lot of the strips from THE SPECTATOR, along with some new material.* Vitaman is one of the strange characters in Leonard Rifas' FOOD COMIX. This new educomic has dual-covers, one by Leonard, the other by R. Diggs. It's a thesis comic. There's a page by Crumb and three pages by Trina. $1.25. Last Gasp Comix carries it and the rest of the comix listed this issue, P. O. Box 212, Berkeley, CA 94701.* Why doesn't Fat Freddy's Cat have it's own name? There's a good question. In the new issue (THE ADVENTURES OF FAT FREDDY'S CAT #5. $1), the infamous cat perverts history and gets mixed up with Dick Whittington's cat.* Where are you going to find "The World's Most Mediocre Lover?" In the fourth issue of Boze Bell's popular HONKYTONK SUE. Always a good story line in these satirical Western tales. $1.75. Mike Turville published a collection of his CHUCK CHICKEN AND BRUIN BEAR in a unique way. He got Berkeley's local alternative paper, GRASSROOTS, to add his stuff to a print run. This gave him a good price and a lot of papers. If you're around Berkeley, look for Mike selling them on the street for two bits. If you want me to send you one, it's a buck (mailed flat and first class). I still have some

copies of HOLY SHIT #1. This is a regular ug with a two color cover. $2 by mail. Can't help it, guys. It's getting so it costs more to mail these things than they cost. I have a few LAFS left. $1 pp. I have MONGOLOID VISION (a mini) for $1. The GUIDE to Newave comix will be out in January and I'll tell you the mail order price in my New Year's issue. I won't know it until I know what it's going to cost me to produce the mag.* Last Gasp found a stash of GOD'S MAN, a beautiful novel in woodcuts by Lynn Ward. $4 should get you one by mail.* Howard Cruse did the cover for FILTHY FUNNIES, a collection of cartoons and miscellaneous stuff from the mags published by SWANK. January SWANK begins the color story of Mustang Sally by Gary Hallgren. Nice stuff. You'll want to collect this work.* MINDROT 19 is a tribute to the late Tex Avery. $2 from David Mruz, 3112 Holmes Ave, S., Minneapolis, MN 55408.* A MAD newsletter? Yep. $1 from Ron Labbe, 16 University Road #2, Brookline, MA 02146.* Other new funnybooks you should have soon are: DR. ATOMIC 6, TITS 'N' CLITS 6, CRYSTAL NIGHT, DOPE COMIX 4, DOPIN DAN 4. Krupp is advertising a set of 36 Blues Cards drawn R. Crumb. Crumb did the illos for "Me and Big Joe" in December HIGH TIMES.* A lot of heaviness around here this week. John Lennon affected a lot of people, not just those who were his groupies, but others who felt him to be upfront about things in a time of mass deception. I am sure that right at this minute there are a number of assholes busting their butts trying to buy the rights to Lennon's Killer's story; well, when will we learn that this media glorification of murderers should be stopped, that it leads to further killings? Lennon's killer should be hanged in Times Square as an example, not given the Dan White treatment.* On to '81. C.G.
